### ***G-230, Principles of Emergency Management***

*(This course is a prerequisite for attending G-275 Emergency Operations Center, G-139 Exercise Design, and G-235 Emergency Planning courses.)*

The *Principles of Emergency Management* course provides a foundation for emergency management concepts and functions. Based on the principles of integrated emergency management, this course emphasizes the need for teamwork at all levels.

Topics include:

The need for emergency management.  
Washington State's hazards.  
The four phases of emergency management.  
The incident command system.  
Teamwork in emergency management.  
Applying emergency management principles.
